AUDITORS REPORT

February 27, 2008

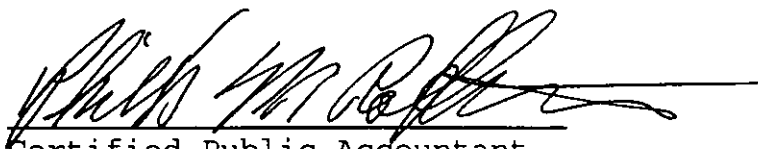

To The Sole Shareholder
SNC Capital Management Corp.
2908 Parkside Drive
Highland Park, Illinois 60035

We have audited the accompanying statement of financial condition of SNC Capital Management Corp. as of December 31, 2007 and the related statement of income, changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SNC Capital Management Corp. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The information contained in the supplementary schedules is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SNC CAPITAL MANAGEMENT CORP.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

(1) Nature of Business

SNC Capital Management Corp., the "Company" acts as agent for customers with respect to the purchase, sale and redemption of redeemable shares of registered investment companies, which is referred to as an "Application Way Basis". No cash is collected by the "Company", nor does it hold any securities for customers. All cash transactions are handled directly between the customer and the registered companies. Because this the nature of the "Comapny's" operations, it is exempt from Rule 15c3-3 and its minimum net capital requirements are \$5,000.00.

(2) Summary of Significant Accounting Policies

Income Recognition

Commissions earned on sales of shares of registered investment companies and limited partnerships offerings are recognized on the transaction date as earned.

Money Market Fund Investment

The Money Market Fund investments are carried at market value.

(3) Investment In Marketable Securities

The Company participated in three phases of a private placement, by the National Association Of Securities Dealers, Inc., purchasing 1,100 shares of The NASDAQ Stock Market, Inc. for a total cost of \$44,377. This investment is being carried at cost without adjustments.

<u>Date</u> <u>Purchased</u>	<u>Number</u> <u>Of Shares</u>	<u>Cost</u>
May , 2006	300	\$8,100.00
December, 2006	200	\$6,277.00
December, 2007	600	\$30,000.00
Totals	1,100	\$44,377.00

However, at December 31, 2007, the market value was \$ 55,658.00 resulting in an unrealized gain of \$11,281.00.

(4) Net Capital Requirements

Pursuant to Rule 15c4-1 of the Securities and Exchange Commission, the Company is required to maintain net capital as defined under such Rule. After its first year of operations, the Company must maintain "net capital" equal to the greater of \$5,000 or 6-2/3% of "aggregate indebtedness" as these terms are defined.

Net capital changes from day-to-day, but at December 31, 2007, the Company had net capital and net capital requirements of approximately \$71,512 and \$5,000, respectively. The net capital rule may effectively restrict the payment of cash dividends.

(5) Income Taxes

The Company and its sole shareholder have elected to be an "S" Corporation for Income Tax purposes. Accordingly, no provision for Federal income taxes has been provided in the accompanying financial statements.

(6) Property and Equipment

Capital additions, improvements, and major renewals are stated at cost, while expenditures for maintenance and repairs which do not extend the useful lives of the assets are charged to expense as incurred.

Depreciation is provided for using the Modified Accelerated Cost Recovery System and are applied consistently for both income tax and financial reporting purposes. Current year additions are fully expensed per the Section 179 Expense Deduction.

SNC CAPITAL MANAGEMENT CORP.

CERTIFIED PUBLIC ACCOUNTANTS' SUPPLEMENTARY REPORT ON INTERNAL CONTROL

February 27, 2008

To the Sole Director
SNC Capital Management Corp.

We have examined the financial statements of SNC Capital Management Corp., (the Company) for the year ended December 31, 2007 and have issued our report thereon dated February 27, 2007. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards and Rule 17a-5 under the Securities Exchange Act of 1934. This study and evaluation included the accounting system, the procedures for safeguarding securities, and the practices followed by the Company (i) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a3(a)(11); (ii) in making the quarterly securities examinations, counts verifications and comparisons; and the recordation of differences required by Rule 17a-13; (iii) in complying with the requirements for prompt payment for securities of Section 4(c) of Regulation T of the board of Governors of the Federal Reserve System; (iv) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as require by Rule 15c3-3; and (v) in complying with the conditions for exemption from Rule 15c3-3. Rule 12a-5 states that the scope of the study and evaluation should be sufficient to provide reasonable assurance that any material weaknesses existing at the date of our examination would be disclosed. The purpose of our study and evaluation was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the Company's financial statements, to provide a basis for reporting material weaknesses in internal accounting control under Rule 17a-5, and with respect to Rule 15c3-3, to provide reasonable assurance of compliance, in all material respects, with the possession and control requirements of that Rule. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

As part of the study and evaluation required by Rule 12a-5, we review the description of the procedures required to be maintained by SNC Capital Management Corp. for obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers to determine if those procedures would provide reasonable assurance of compliance in all material respects with the possession or control requirements of Rule 15c3-3.

SNC Capital Management Corp.

The management of SNC Capital Management Corp. is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgement by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that the assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system of internal accounting control to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the purpose described in the first paragraph above would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of SNC Capital Management Corp. taken as a whole. Our study and evaluation disclosed no condition that we believed to be a material weakness.

Our review of the description of the procedures required to be maintained for obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers for the year ended December 31, 2007, was made for the purposes set forth in the second paragraph above. In our opinion, the procedures appear to provide reasonable assurance of compliance in all material respects with the possession or control requirements of Rule 15c3-3.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.

Certified Public Accountant
